Meet Your Coach, Peggy Vasquez

I've spent my career helping professionals communicate with confidence, clarity, and impact.

As a former Chief Executive Assistant, I partnered with executives and leadership teams, where I saw firsthand how communication builds trust, creates opportunities, and changes careers. I now bring those same lessons to audiences and coaching clients around the world.

Communication changes careers.

The professionals who make the greatest impact know how to communicate with confidence, influence with intention, and inspire action.

That's why I created Speak with Impact Academy.

My goal is simple: to help you communicate with confidence so your ideas are heard, your voice is valued, and you make a lasting impact.

What You'll Get

Confidence isn't built by watching videos. It's built by learning, practicing, receiving feedback, and applying what you've learned. That's exactly how Speak with Impact Academy is designed.

Live Coaching That Builds Confidence.

Learn in a live, interactive environment where you'll receive practical strategies, individualized coaching, and real-time feedback you can apply immediately.

Small Cohort. Lasting Connections.

You'll meet once a month with the same small group of professionals, creating an environment where confidence grows, conversations deepen, and lasting relationships are built. Through live coaching, practical application, and meaningful discussion, you'll encourage, challenge, and celebrate one another's growth. Many participants say the relationships they build become one of the most valuable parts of the Academy—and continue long after the program ends.

A Proven Step-by-Step Roadmap.

Each month builds on the last, giving you a clear path to becoming a more confident communicator.

Confidence Comes From Practice.

Confidence doesn't come from reading about communication—it comes from practicing it. Every session includes guided activities, meaningful discussion, and opportunities to apply what you're learning in a supportive environment.

Learn at Your Own Pace.

Every session is recorded, so you can focus and engage in the moment without taking extensive notes. Your confidential session recordings are available exclusively to Academy members for review and reinforcement.

Practical Tools You Can Use Immediately.

You'll receive worksheets, tools, and practical strategies designed to help you apply what you learn immediately.

Graduation

Celebrate your transformation and step confidently into your next chapter. You'll leave with more than communication skills—you'll have the confidence, tools, and support to continue growing long after the Academy ends.

What Makes This Academy Different

This isn't a webinar. It's a coaching cohort where every participant receives personalized feedback, guided practice, and individual coaching in a trusted environment.

Live, Consistent Coaching

You'll meet live each month with the same small cohort, creating consistency, accountability, and steady progress throughout your 13-month journey.

Sessions are held via Zoom on the third Wednesday of each month from 12:00–1:00 PM Pacific, making it easy to plan ahead and stay engaged.

Coaching Doesn't End When the Session Ends

Learning doesn't stop when the session ends. Between meetings, you'll have access to Peggy for questions and clarification, plus a private community where participants celebrate wins, ask questions, share ideas, and encourage one another throughout the journey.

"The Academy quickly becomes more than a class—it becomes a circle of trust, support, and encouragement."

One person's question often sparks valuable insights for everyone. Regular check-ins help participants stay connected, supported, and on track throughout the Academy.

You'll gain more than skills—you'll gain a circle of allies who believe in your growth.

Practical Resources That Keep You Moving Forward

After each session, you'll receive recordings, recap notes, worksheets, and practical tools to help you apply what you've learned with confidence.

You'll receive curated resources designed to support your goals, including weekly tip sheets, frameworks, and practical tools that reinforce each session and help you continue making progress between meetings.
